Police Seek Highwayman Who Has a Sweet Tooth

The police are looking for a colored "hold-up" man with a sweet tooth. Last night such a lawbreaker entered the store of Natchem Walk, 2301 Sherman avenue northwest, drew a revolver on the proprietor and robbed him of six cakes and two boxes of chewing gum.

When he entered, he gave his order in the manner of any customer, and when backed up by his weapon, he selected all the sweets he wanted, he sampled them to see if they suited his taste, tucked them under one arm, and made his escape.

Tuberculosis Is a Stubborn Enemy

and often does not yield as patient and doctor think it should. All doctors agree that rest, fresh air, pure food and hygienic living surroundings are essential to relief, especially in the early stages. Yet, in many cases these measures do not bring the desired results.

Under such circumstances try Beckman's Alternative. It has been commended as highly beneficial by many sufferers and often has aided in recovery.

One of its constituents is a lime salt, so combined with other helpful ingredients as to be easily assimilated by the average person; and, since it does not contain any narcotic, opiate or habit-forming drug, its use is not attended with danger.

LITTLE GIRLS RAISE \$4.50 FOR IPPOLITO

Rhythmic Dancing, Singing, and Speaking Comprise Program at Benefit.

The proceeds of an entertainment given by the little girls living in Woodley place northwest, increased the Ippolito fund by \$4.50 today. This makes a total of \$90.10 thus far voluntarily contributed by readers of the Times, who are working to raise \$1,000 for the relief of the heroic crossing policeman.

The entertainment consisted of rhythmic dancing, singing and recitations. The little girls who arranged and took part in the entertainment displayed considerable talent and won warm praise for their laudable endeavors to assist the courageous bluecoat who offered his life to save a little girl about the age of the performers.

Commissioners Brownlow, who recently took an active interest in increasing the Ippolito fund to \$1,000, was advised several days ago that a number of entertainments and lawn parties would be arranged by children to raise money for the crossing policeman.

Ippolito, who is now at his home, 19 H street northeast, is convalescing, but he is still weak, nervous and unstrung because of the shock of the accident, which almost cost him his life. He is able to sit up and walk short distances, but doctors say he will never again be strong and active.
